

# Move Freely. Live Fully.

Advanced 5-type collagen formula for joint comfort and mobility.

## How Encore Supports Your Joints

### Type I (Bovine)

Reinforces tendons and ligaments — the connective tissue around every joint.

### Type II (Chicken)

Primary cartilage protein — cushions and protects joint surfaces.

### Type III (Bovine)

Supports the flexible connective tissue in joints and blood vessels.

### Type IV (Avian)

Provides glucosamine, chondroitin and hyaluronic acid naturally.

### Type V (Eggshell)

Organises collagen fibrils into the structured matrix joints depend on.

Non-GMO

Gluten Free

Made in USA

## What You Can Expect

- Reduced joint discomfort and morning stiffness
- Improved flexibility and range of motion
- Support for cartilage repair and maintenance
- Natural joint lubrication from hyaluronic acid
- Stronger tendons and ligaments
